

MASTER LOCKSMITHS ASSOCIATION TRAINING & TRADE EVENT

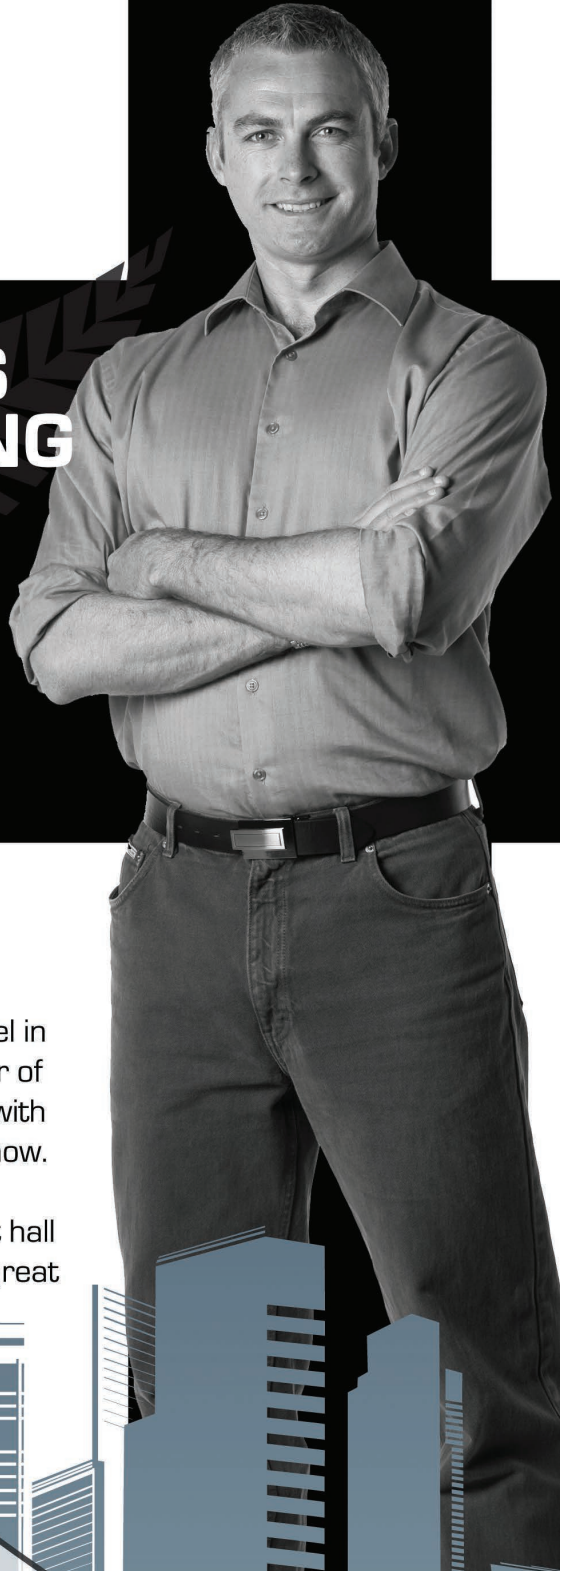

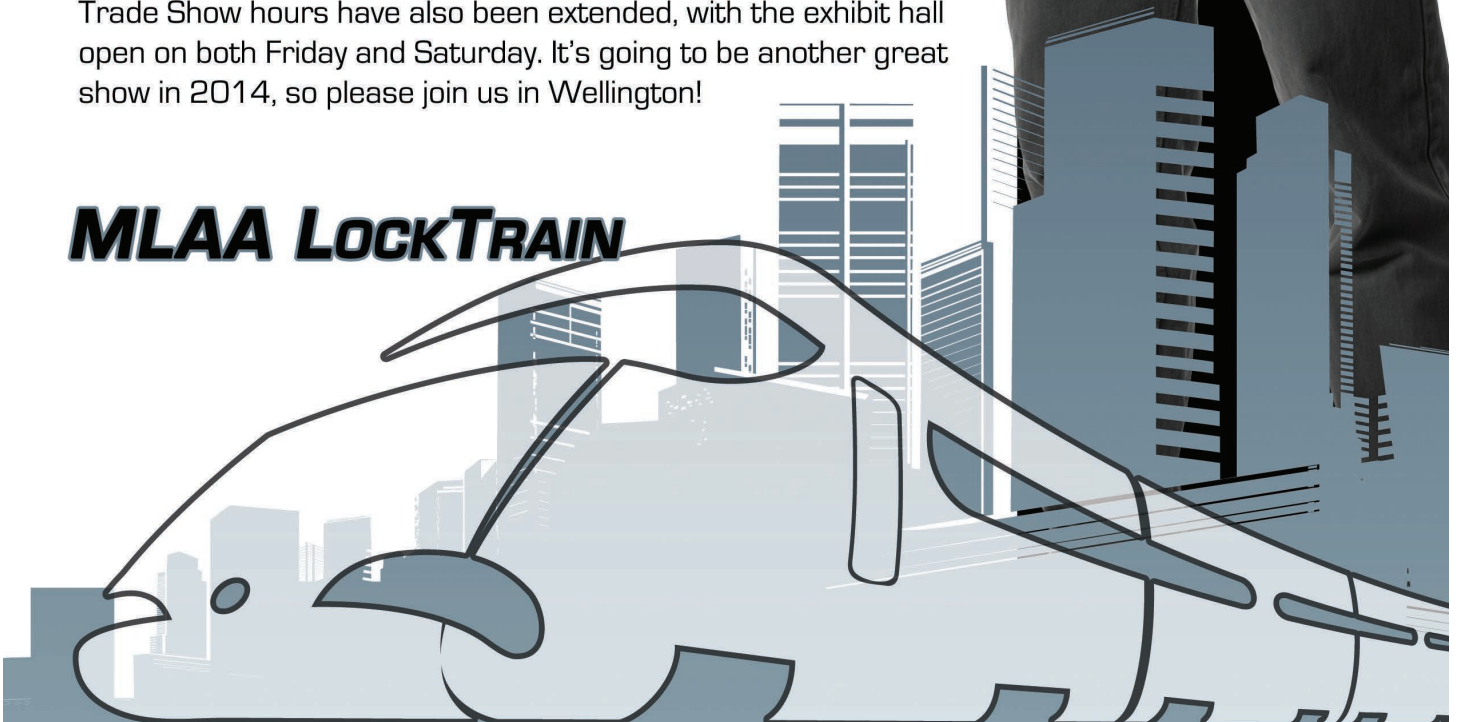

*Friday March 28 to Saturday March 29
Intercontinental Hotel, Wellington*

The MLA hits Wellington on March 28 - 29 for the annual New Zealand Training & Trade Event.

This year the event is being held at the Intercontinental Hotel in Wellington. In 2014, attendees can participate in a number of training, product information and business sessions, along with engaging with suppliers and manufacturers at the Trade Show.

Trade Show hours have also been extended, with the exhibit hall open on both Friday and Saturday. It's going to be another great show in 2014, so please join us in Wellington!

Class Descriptions

Advanced Transponder Chip Theory

By popular demand, this class will explain HOW transponders work. You'll learn the difference between similar chips, such as Texas 4D, and in many cases how to turn one chip into another. Understanding the way transponders work will help you when troubleshooting programming or cloning issues and will be invaluable to any locksmiths looking to take the next step into Eeprom work.

Motorbike solutions: Accu-Readers

This hands on class will give you the chance to quickly and easily make keys to a range of Motorcycles. Accu-Readers are one of the smartest investments you can make for your business and they are so easy to use. Come and learn more. * *Limited numbers*

Auto FAQs

This class will be an overview of the new face of Automotive Locksmithing. We'll cover the tools that will give you the most bang for your buck, common traps for transponder programming and how to set your business up to make the most from your investment.

Picking the Ross 600

This hands on class will teach you how to use the dedicated Levapix Ross 600 pick to easily open this common safe lock. * *Limited numbers*

Dial Lock Troubleshooting

A hands on class that presents you with a range of common dial combination safe lock faults. Your task will be to identify & correct these faults.

LaGard 39E

The LG 39E is the new replacement for the very popular LG 33E. In this hands on class you will learn everything you need to know about this lock, including programming, installation and troubleshooting.

Electronic Retail Ready Solutions

A 1 hour session on the Plug & Play straight from the box electronic solutions, including: cameras, intercoms, driveway monitors which can be sold straight to end users who can plug & play immediately. Come along and be in to win mystery prizes.

Your Business Wingman

Business experts and Chartered Accountants, enableBusiness will use this session to show you how using cloud computing software, Xero can streamline your accounts and remove a lot of the headache associated with this kind of work. They also have a number of packages available to help your business become more efficient. This class has been specifically requested by members who have heard of Xero and wish to know more. Business owners should consider this session essential!

Safe Safari

Levco Agencies' specialist safe team will collect you from the Hotel and take you back to their warehouse where you will be shown a range of different safes and can chat about all things safe related. This will include a live demo of a locked safe being diagnosed, drilled open, repaired and having the dial lock replaced with the new NL Rotobolt digital safe lock. * *Limited numbers & MLA members only. One person per Company. You will be picked up from the Hotel on Friday at 9am sharp.*

Fire Egress

Navigating your way through the laws regarding locks and Fire Egress doors is something that is essential for ALL locksmiths. In this session Phil will explain the issues and discuss your responsibilities.

Class Descriptions cont.

Site Safe

The Building Construction Passport is a four-hour course designed to improve safety awareness and the actions of everyone working on a construction site. Many companies have made the Site Safe Passport a standard of entry to their sites. **This course will cost \$145*

Picking Pin Tumbler locks

In this practical, hands-on class, industry expert, Luke McGuinness will walk you through the steps to becoming an expert in picking the pin tumbler lock using the "Single Pin" picking technique.

Impressioning Pin Tumbler locks

Impressioning is one of the core locksmithing skills. Come and learn from an expert how to quickly impression your way through any lock!

MLA Info

There have been a lot of changes within the MLA in the last year, including a new Master Keying Trade assessment, a revamped Apprentice of the Year competition, new Practical Trade assessment and Auto Specialist category. Interested members are encouraged to come and learn what's been happening.

Baber Lock & Key Product Update

This session will cover a range of different products from Baber Lock & Key, including, DC1 - the keyway for the MLA, Carbine - the locksmiths range - latest developments and La Gard - a high security update. Come and see what's new!

Codelocks Club

Come and join the Codelocks Club and see the new digital locks. Levco Agencies are launching door locks and cabinet locks with features never before seen in this type of lock. Don't miss the first sight of these locks in NZ.

Marketing

This marketing session will provide you with the tools to produce your own marketing plan, look at what your business should be doing along with touching on social media, mobile specific websites and more.

Electronic Retail Ready Solutions

A 1 hour session on the Plug & Play straight from the box electronic solutions, including: cameras, intercoms, driveway monitors which can be sold straight to end users who can plug & play immediately.

Remotes

Remote controls are an important add-on sale for all locksmiths. This class will cover some of the aspects you need to know about this upsell item, including identification.

Electronic Access – Simple solutions

A 1 hour session on the simple easy to install, easy to program, stand alone access control solutions. No electrical knowledge required, and at install no electrician needed.

LOKtouch™ - Hands on session

LOKtouch™ is a simple access control solution tailor made for the locksmith. Build a small system with the product so that you can see for yourself how easy it is. LOKtouch™ is a very real solution for you to offer to your customers looking for something extra from their existing Master Key system.

Digital Locking – Technical and Practical

Dougall Cameron from ASSA ABLOY will conduct a very much hands on session covering the latest Yale and Lockwood digital locking solutions.
